

Highways Products, Inc. is looking for experienced aluminum welders to join our team immediately in White City, Oregon. Highway Products builds the most innovative and toughest truck accessories available on the market today. We are a company that takes great pride in the quality of our work. If you want a career opportunity that will challenge you and always push you to reach new levels, we want to talk to you. We invite you to apply to join the revolution today.

As a welder for Highway Products you will be dedicated to and responsible for the quality and outward appearance of your work, ultimately being delivered to the customers anticipating the best built product they've ever laid hands and eyes on. To learn more about our product and sister companies you may visit these websites:

Wakeboard Boats - [www.pavati.com](http://www.pavati.com)

Drift Boats - [www.pavatimarine.com](http://www.pavatimarine.com)

Truck Accessories - [www.highwayproducts.com](http://www.highwayproducts.com)

Skills and requirements should be present-

- + Previous aluminum welding experience required
- + Welding (Tig/Mig)
- + Strong work ethic
- + Self starting and strong time management skills
- + Ability to work a full time schedule but also work extra hours as needed
- + Ability to lift 50lbs

Qualified candidates should come prepared to take an on-site weld test and will be required to demonstrate their ability in other verbal and physical tests pertaining to our workflow.

\* The Good Stuff:

- Full Time/ Hourly Position
- \$11 - \$23+/hr depending on experience
- 401k, Benefits and Paid Vacation
- Indoors. HPI has a 60,000 SF facility that rests on 11 acres.
- Starts Immediately
